

FAQ'S:

Q: What is The G.F.M Experience?

A: The G.F.M Experience is a one-of-one content and branding package that combines professional media, artist strategy, and exclusive access to our network — all designed to fuel your brand for three months.

Q: How long does the membership last?

A: Every G.F.M Experience includes a **3-month membership**, which provides post-production strategy, rollout planning, and access to exclusive perks.

Q: What if I want another G.F.M Experience during my membership?

A: One Experience is included in your membership. To book an additional Experience during your 3-month term, a separate investment is required.

Q: What's included in the core package?

A: Each Experience comes with a cinematic music video, edited photos, short-form clips, a recap-style vlog, refreshments, professional security, and black truck access for select moments.

Q: Why does G.F.M provide security and black truck access?

A: Security and transportation are essential to preserving the exclusivity, safety, and professionalism of the Experience. They are not extras — they are part of the standard.

Q: Is this just for established artists?

A: No. Many of our regional CEOs and clients are rising artists themselves. The G.F.M Experience is designed to prove that our system elevates anyone serious about their craft, regardless of their current stage.

Q: How do I book The G.F.M Experience?

A: Once regional dates are announced, you can secure your slot directly through our website. Availability is extremely limited to preserve quality and exclusivity.

Q: Is The G.F.M Experience connected to The G.F.M Retreat?

A: Not for Tier 1 or Tier 2 members. The Retreat is an elevated, resort-like, invite-only extension of our system reserved for **VIP Members**. As a VIP, you gain access to both **The G.F.M Experience** and **The G.F.M Retreat**, unlocking the full spectrum of what our network has to offer.
